

A Community Education Program

Bringing Zoo Animals to Bay Area Classrooms since 1975

ZOOMOBILE LESSON GUIDE

ZIG, ZAG, ZOOM! Grades Pre-K and TK

Wiggle your way through an interactive exploration of animal movement! Sing, play, and learn with us about how animals get around in their environments.

HOME SWEET HABITAT Grades K, 2, 3, 4, 5

Go on an imaginary safari through five habitats to learn all about animals' adaptations for thriving in unique environments!

HOW ANIMALS GROW Grades 1, 3, 4

Does a frog grow up the same way as a hedgehog? Discover the different ways animals change as they grow from babies to adults.

BACKBONE BINGO Grades 2, 3, 4, Middle School (LS), High School (LS)

Meet the five types of animals with a backbone (fish, amphibians, reptiles, birds, and mammals) in this exciting guessing game!

CLIMATE CHANGE CONUNDRUM Grades 3, 4, 5, Middle School (LS, ESS), High School (LS, ESS)

What makes a climate, and why is it suddenly changing? How do animals and habitats react as our climate shifts? What can we do to slow change and keep the climate cozy for animals around the world?

SHIFTING THE BALANCE Grades 5, Middle School (LS, ESS), High School (LS)

Explore the largest threats to animals and their habitats nearby and abroad, along with what each of us can do, individually and together, to restore nature's balance on our planet.

ZOO CAREERS Middle School, High School

Who does it take to run a zoo? What kinds of careers are available, and how does someone get started? Learn about a myriad of ways to join the zoo family and work with animals, from teen volunteer programs to hands on animal internships, in this hour-long multimedia presentation. *Projection or slideshow display capabilities required.*

BIODIVERSITY BASICS Middle School (LS)

Enhance your middle school science curriculum with this three-part program, which brings biodiversity to life through a combination of two classroom visits and a field trip to the Zoo.

**Grade alignments are suggestions based on the Next Generation Science Standards.
