

TONKA'S TROOP
AT SF ZOO

Find the
Orangutans
at Great Ape
Passage

MEET TONKA'S FRIENDS, THE ORANGUTANS!

Our resident Bornean orangutans, Judy and Berani, reside at Great Ape Passage.

Judy has a very colorful personality! Naturally she is very playful, curious, intelligent, giving, and mischievous. She is good at inspecting locks, gardening (pulling weeds in her habitat), and recently learned to snap her fingers! Some of her favorite foods are carrots and all types of fruit except apples.

Berani is more reserved than Judy. Once he's comfortable he can be engaging, playful, curious, and even boisterous. He enjoys a good challenge and likes figuring out puzzle feeders more than the food that's in them. Recently he's learned to allow staff to brush his teeth! You can often see him relaxing on a hammock, people watching. Some of his favorite foods are romaine leaves and tomatoes.

Both apes are trained to present various body parts for inspection and voluntary injection for any medical needs or care. They also both love bubble baths in tubs and twiggling!

See page 2 to make your own collector's card.

FUN FACTS

Orangutans arms stretch out longer than their bodies — over 7 feet from fingertip to fingertip.

Orangutans are the largest fruit-eating animals on earth.

ADVICE FROM AN ORANGUTAN

"Learn by observing"
"Be resourceful"
"Reach for your dreams"

QUICK CHUCKLES

What do apes call sunbathing?

Answer: Orangutaning
