

Animal Adventures Presents

T is for... Tiger!

The tiger cubs played in a rainbow! Give each cub different colored stripes, including their face and tail.

Tiger Facts

- tigers are the biggest of all cats
- tigers are orange (and white) with black stripes
- the stripes help tigers hide in the grass and forest (camouflage!)
- tigers are good jumpers
- tigers like to live all by themselves
- tigers are great swimmers
- tigers can roar very loudly – they can be heard from 2 miles away
- tigers are carnivores – they eat other animals
