Pre K Cozy Critters

[Back to Main Page](#)

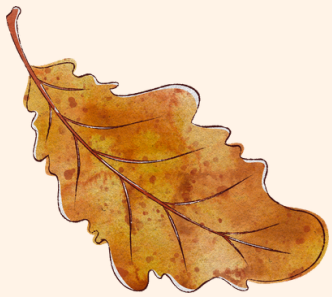

Campers enjoy the Cozy Cabin as homebase as they learn about how animals stay warm and cozy in this chilly season. Stories, art and science are all part of this fun 3-day camp.

Kinder “Leaf it” to the Animals

This camp reflects the seasonal changes of fall and animals. Campers learn about nature's transformations with zoo tours, animal visits, nature art, storytime and hands-on science.

1st and 2nd Grade

Colors of the Wild

[Back to Main Page](#)

In this camp, campers search for all the animals that use their spots, stripes and colors to hide within their seasonal habitats.

3rd/4th/5th Grade Seasonal Trackers

Become a Seasonal Tracker, explore the natural world, follow the clues that animals, plants, and weather leave behind as the seasons change. How do animals adapt to seasonal changes? Use tracks, fur, nests, and food to identify animals and their seasonal behavior. This camp combines Art and Science to explore and better understand nature.
